To Whom It May Concern:

The following is a letter of recommendation for George Whitmer personally and for Site Work Solutions as a company. We recently completed a multimillion dollar distribution center project in Shasta Lake, CA where Site Work Solutions was one of our subcontractors. I found it truly refreshing working with George. He and his crew are professional and skilled in their trade. Site Work Solution's commitment to completing our project on time and on budget was well met.

We have no reservation whatsoever recommending George Whitmer and Site Work Solutions for any construction project.

Sincerely,

A handwritten signature in black ink that reads 'Jeff Stone'.
