Subject: Recommendation for Sitework Solutions, Inc.

Dear Mr. Whitmer:

Your company constructed Shasta County's West Central Landfill Tipping Pad Project. The project involved extensive earthwork, constructing retaining walls, and paving, all in a busy operating landfill facility. The landfill management was very pleased with how you performed your work and with the product. Both you and your crews were consistently conscientious, attentive to the quality of your work, and were a pleasure for me as the County's Project Engineer. We look forward to working with you on future projects. Thank you.

Any questions regarding your work may be directed to Neil McAuliffe, Project Engineer, at (530) 245-6844.

Very truly yours,

Patrick J. Minturn, Director
